CHAIRMAN'S STATEMENT 2020

The 2020 Covid pandemic sent world markets into turmoil in March. In the UK, businesses were in lock down and many people were either temporarily out of work or lost their jobs. The loss of life has affected many families and I hope the current rollout of vaccines can help us all return to something like "normal".

Despite this, equity and bond markets have recovered well. However, with continuing political clouds surrounding the world, I expect all markets to be very tricky to predict and that many risks could lie ahead.

The UK continues to face unprecedented challenges resulting from the Covid-19 pandemic. Nonetheless I can reassure all Members that our balance sheet remains strong. Our operating systems are robust and now include remote working arrangements and our staff are making huge efforts to support the business. We are far from complacent and are confident we can maintain our service to all Members in these difficult times and we thank you for continuing to place your trust and welfare with the Society.

Our carefully devised portfolio strategy has enabled us to maintain our asset base throughout the year, allowing us to maintain our capital apportionment rate at 4% - a consistent return to that achieved in previous years.

The claims in 2020 have increased in number and value to the previous year, as a result of many Covid-19 claims submitted and paid. We appreciate the clear and responsible attitude shown by Members when submitting claims and the Society continues to try and make settlement payments within a week. We strive to carefully manage our costs and will continue to seek further savings and greater efficiencies in the years to come.

As one of the UK's leading income protection specialists for self-employed professionals, our products are vital in the current economic climate and offer considerable value and peace of mind to all professional people. We continue to work to recruit more Members to help strengthen the Society and our ability to withstand the challenges that lie ahead. I make no apology in urging you, once again, to commend your Society's products to

friends and colleagues - in particular young professionals starting out in their business life.

I would like to take this opportunity to acknowledge the great efforts of my colleagues on the Board and the staff at our headquarters. I would also like to thank our many advisers and Independent Financial Advisers (IFAs) for all the support the Society has received during the year.

My colleagues and I have done our utmost to ensure that the Society maintains its prudent financial position, whilst serving each Member to the best of their ability. I thank you all for your continuing support and loyalty to the Holloway ethos and our mutual status. I look forward to seeing the Society prosper long into the future.

Don't leave it until you make a claim to find out that you are under insured. This is the time to review the amount and type of cover you currently hold.

ASK YOURSELF:

- Do you still need income protection cover?
- Are your income levels up to date?
- Is the type of cover still valid?

Don't forget, you can protect up to 66% of your taxable income, up to a maximum of £1200 benefit per week.

Increases to benefit are allowed up to the age of 50.

ARE YOU ADEQUATELY COVERED?

One of the ways you can help us to increase both our profits and our returns back to you, is by personal recommendations - especially to family and friends.

If you know someone who might wish to protect their income as you have done; a family member, friend or colleague, then please complete the enclosed Member Reward form.

Once their application for membership is successful* and we have received their first subscription, we will send you £800 for each new Member introduction, as a thank you for helping us grow the Society.
